Adopt an Arboretum Animal Program 2011-2012

The Adopt an Arboretum Animal Program allows you to sponsor your favorite animal living in the Stone House exhibit area. The purpose of this program is designed to not only fund the improvement of the animals' habitats and their diets, but as educational opportunity for our local students and visitors to learn about mammals and reptiles living in a stress-free environment. Experienced handlers will provide public programming on proper animal care techniques. This includes diet, bedding, shelters, survival techniques and animal communication. Our goal is to expose our audience to the animals at the Arboretum to heighten their awareness of animals' needs and to fine-tune their respect for animals they may encounter anywhere.

Adopt an Arboretum Animal can make a terrific gift to an individual, families, or group!

When you adopt an Arboretum animal, you will receive:

- A personalized Adopt an Arboretum Animal certificate
- Your name (individual, family or group) on an *Adoption Center Sign* that is posted on your animal's shelter in the Stone House.
- A fact sheet on your animal
- An invitation to attend a special *Lunch with Environmental Eagles* event in spring 2012 just for those in the Adopt and Arboretum Animal Program!

The cost to adopt one animal is \$150.00 per year for an individual, family or group, beginning in August. All donations are tax-deductible. Please fill out the form on the next page and indicate your first, second, third and fourth choice from the list of available animals. Be sure to send your form in early to get the animal of your choice!

Animal Adoption Application

Step 1:

Name _____

Address _____

City/State _____ Zip Code _____

E-mail Address _____ Phone Number _____

Step 2: Name to appear on Adoption Certificate & on Adoption Center Sign:
